

### OptimERA ChainLINK Packaging

OptimERA will be delivering capacity to the end user via fixed wireless. These connections will be capable of delivering a 100/100 Mbps connection to the residential and business end user and dedicated microwave connections for wholesale capacity will also be available.

Listed below are examples of packages OptimERA would be offering if it is awarded the USDA Reconnect Funding. These prices are not binding but are meant to give you a ballpark figure of what will be available in our service areas.
